

# *Ioana Buzduga*

PRESIDENT/TREASURER  
HOPPERS

## **About Me**

Hi Hoppers! I am Ioana and I am an Artificial Intelligence student. I would be delighted to be your president or treasurer next year.

## **Why Me ?**

Hoppers offered me the space to grow professionally and personally. Honestly, I love Hoppers so much that I cannot imagine my uni experience without it. I am passionate, committed and a great team player - the perfect combination.

Being on the committee of 3 societies Bhangra Crew, Hoppers and EdIntelligence proves my ability of engagement and managing this society together with my studies and my job- Resident Assistant

# My Experience

## 1. ***Head of Media Hoppers 2019-2020***

- Starting the process of rebranding of Hoppers from the society of women in Informatics to the society of gender minorities in Informatics.
- Increasing the Facebook likes and engagement by 250 likes in a year.
- Launching the Instagram account which got more than 100 followers in 1 month.
- Doing a School of Informatics Instagram takeover of the IWD event.

## 2. ***Secretary EdIntelligence 2019-2020***

- Organizing committee meetings and taking minutes
  - Liaising with the department of communications at the School of Informatics
  - Keeping track of the finances and the budget of the society and writing the final Financial Report
  - Processing the reimbursements
- 

### 3. ***Vice President Bhangra Crew 2019-2020***

- Leading meetings when the president was not present
- Organizing logistics for performances
- Organizing fundraising events
- The Society was shortlisted for 'Place of All' Award for Student Awards 2020.

## **My Plan as a President/Treasurer**

- Creating a mentoring/buddy scheme for first year students.
  - Working closely with all the sectors to organize events more inclusive.
  - Asking our members for suggestions for events they would like to see.
  - Working together with the Tech Sector to organize bi-monthly interview preparation sessions.
  - Collaborating with societies outside the school of Informatics and making the society accessible not just to Informatics students.
  - I really want the members to get to know their committee and feel free to email them with any suggestions.
  - Organizing a hackathon for gender minorities.
-
