

# 2020 HOPPERS AGM

Your vote  
counts

Hello everyone, first of all, **thank you for reading my Manifesto!** As you can see my name is Kenza Amira and while I haven't been a part of this society before, I have attended a lot of events that I found to be very instructive and helpful. I decided to nominate myself for this year. If I get elected, my goal is to make sure **hoppers keeps delivering great workshops that prepare us for internships and what's after university.** I am **dedicated**, have a **methodical way of thinking** and an **eye for detail** but I am also **trustworthy, reliable, dynamic and motivated.** I can assure you that voting for me, is voting for my commitment but is also **choosing an active and passionate member.** Let's all build skills together in a fun and inclusive environment!

**KENZA  
AMIRA**

**2<sup>ND</sup> YEAR**
