

GOSIA BOROWIEC

FOR HOPPERS SECRETARY

WHY DO I WANT TO RUN?

Hoppers have been a big part of my life ever since I started university. The values our society represents are very close to me and I love the idea of empowering young people, especially the members of gender minorities, and setting an example for them. Being the President this past year has been an amazing experience, and I will not be exaggerating if I say it is truly **one of the best things that have ever happened to me** - I have learned so much, met amazing people and gained more confidence in my abilities. I want to run for the position of the Secretary because **I would love to stay involved in the committee and help the Society grow even more.**

WHY AM I SUITABLE?

I believe I am suitable for the role of the Secretary because **I know our society inside and out** - as the President **I had to work closely with all of the sectors** and help them whenever necessary, I had to chair our meetings and oftentimes prepare agendas for them and take the minutes, which falls under the responsibilities of the Secretary. I have also helped organise our two biggest events - **Ada Lovelace Day** and **the International Women's Day.**

Even more importantly, I can proudly say that with collaboration from the committee and the School of Informatics, **I have written our very first constitution.** I think my experience and skills would be an asset to our next President, the committee and the Society as a whole.
